Stay Healthy, Stay Happy

This morning's opening program will open your eyes about that body that is closest to your heart - your own! Of course this information will also help your patients to resist many disorders they may be experiencing.

You will find a variety of topics in today's program ranging from how to communicate to patients, (and the rest of the world), to working with physical therapists, and using lasers.

If you have any questions ask one of the IACA board members wearing the IACA shirts. Today is also a good time to stop by the IACA booth on the exhibit floor and sign up for the 2014 meeting in the Bahamas at the Atlantis resort! Tomorrow there will be much longer lines -just some good advice to lower your stress level! Don't forget to come to the IACA After Dark party tonight for a great send-off from our great meeting!

Dan Jenkins, DDS, President of the 2013 IACA
